the Rubber Heel

Never Pulls Loose "Usco" Rubber Heels are the product of scientific thought.

They are the world's best rubber heels-made by the world's largest rubber manufacturer.

They are hollowed out on the under side. When nailed the spring of the rubber sets the edges so close and snug all around you can't pry them loose.

A firm, flat tread to walk on, comfort in every step, economy in the long run.

> "Usco" Heels come in black, tan and white at your repairman'sfive mnuter to put them on. Look for the U. S. seal.
